OUR WASHINGTON LETTER

FROM OUR REGULAR CORRESPONDENT

WASHINGTON April 30 1866

The Johnsonites are greatly in their element [illegible] tread down the Union party. This is shown by [illegible] conduct in Pennsylvania and New Jersey where [illegible] have been removed [illegible] from office simply because they are [illegible] the immediate admission of the rebel members of Congress [illegible] determined to crush them [illegible] because they agree with Congress [illegible] A dozen prominent radicals have been removed from [illegible] Pennsylvania [illegible] until the Senate [illegible] but until the Senate is firm [illegible] adjourn sine die the present [illegible] as it will not do to allow [illegible] postoffices or collect [illegible] to be closed

In New Jersey the object seems to be [illegible] the return of Stockton to the Senate of the United States. When this man was ousted out of his seat there [illegible] partly that it was revolutionary [illegible] seemed determined to break down the Union party in that State. It is sufficient to state that for several years Mr Stockton has had interviews with the President [illegible] and the infamous traitor Scovel [illegible] engaged in the work of [illegible] the affairs of New Jersey in the nearest way to break down the Union party. It is somewhat difficult for an honest man in New Jersey to keep his temper while considering this subject. The President who was raised to power by the votes of genuine Union men in conference with two such traitors as Stockton and Scovel is very exasperating

It is the Senate stands in the way of these plotters. So long as it remains there is no chance whatever for any of the President's nominees whoever he has sent [illegible] for opinion sake. There is no disposition to [illegible] with the President in cases of an actual vacancy. Let him put his own friends if he will [illegible] such places—the Senate will not quarrel with him in that [illegible] but it is determined to stand up against any attempt to crush loyal men simply because they agree with the Senate upon the reconstruction [illegible] He is evidently determined to crush radical [illegible] wherever he can. Under such circumstances the Senate will stand by its friends [illegible] will do much [illegible]. It can veto his nominations and [illegible] upon the vote on legislation with the utmost freedom. They will not hesitate to use it against him [illegible]. It is prepared to pass a bill over his head if necessary which will limit his power over the offices but I have some doubts respecting the efficiency of such legislation. A better way will be for Congress to remain in session right through any till the next session [illegible] It could take a recess of two or three months if it should be necessary in the hottest weather. This will leave [illegible] no doubt and men who are in office can afford to keep [illegible] at least till next March when the 39th Congress expires

I am happy to write that two men from Oregon [illegible] this Congress stand firmly with that body in this [illegible] contest with the Executive. Messrs Williams and Henderson stand boldly with Congress and I think can be relied on to the end. They certainly can if anybody can. Senator Williams is looked upon as one of the strong men in the Senate on the issues of the day, and I place him by the side of Mr. Fessenden Mr Sherman and Mr Conness. The more such men the better. I greatly fear that one or two senators now acting with the Radicals will under the danger of having their friends turned out of office go over to the Doolittle faction. Perhaps however there is no cause for these suspicions

The friends of the Northern Pacific Railroad bill were very much disappointed on Friday last by its defeat in the House but it is useless to cry over spilt milk. The friends of the Union Pacific road for the most part united to defeat the bill, and succeeded. The bill when first reported on Wednesday evening by Mr Price of Iowa could have been passed and its enemies resorted to dilatory motions and other work to give time fearing if a vote was taken that night that it would pass. But some very strong men came out against it, and John Wentworth of Illinois did more than any other man to kill it. From beginning to end he kept insinuating that money enough was made to buy this bill through Congress. This was not without its effect on some of the members, but it alone would not have killed the bill. The proposition to guarantee the interest on fifty millions of stock at this time when the debt is so large and Congress is afraid to give the soldiers the bounties they demand was what killed it. It was impossible to make such a bill pass at this time. But the charter of the road will be amended and passed before the expiration of the thirty ninth Congress or I shall be greatly mistaken

The report of the Reconstruction Committee is the excitement to-day. It is a good report, and will probably pass both Houses, but I fear that the President will not be satisfied by the moderate character of the proposed amendment, and if not, he will make trouble. But the majority in Congress firmly believe that they can elect a majority of the next Congress in spite of the President and I incline to the opinion that they are not over sanguine. Certainly they are not *if they will work.*

STEAMER DAY

Letter from Eagle Creek.

The following letter has been written a long time and should have reached us sooner; nevertheless, it will be found of interest:

AUGUSTA EAGLE CREEK, April 27, 1866

ED OREGONIAN

Presuming a few items from this section of Oregon would be acceptable, I take the liberty to give you a bird's eye view of matters and things in this mining camp and its vicinity. It has been nearly two years since the discovery of placer diggings in this camp which at that time caused quite an excitement, and though limited in extent I will venture to say that there have been here some gulches as rich as in any camp in Oregon. I have seen from $25 to $50 washed from one pan of dirt, and have assisted in rocking when we have taken out from $75 to $300 per day, for the labors of two or three. The claims of G. L. Hayes & Co. and those of Curtis & French could have made fortunes for their owners had they been free water, to have worked them. But a monopoly (the Eagle Creek Ditch Company) placed the price of water at such exorbitant rates, compelled the miners to lay by their claims until free water came to work them. Where the gulches of a mining camp have proved as rich as a few have in this camp, it would be inferred that there must be some rich quartz at their head or at the them. On or about the 1st of June, 1864, Messrs J. N. Knight & Co succeeded in discovering the ledge known as the Knight Quartz Ledge. Since then there have been discovered the Willis the Meacham, the Rock Row, Soloman's Peak, et Excelsior Reining and Ida Ho ledges all of which are in the centre of the camp. Any one of them will compare favorably with any ledges in the State. I could not say that the prospects of any one of them was fabulous but I can say that I have not seen richer quartz in this part of the State than there is in this camp. The size of them is from twenty inches to three feet, the Knight ledge being the largest. There are a number of ledges outside of this camp in a circle of two or three miles that are from ten to twenty feet in width, and although but little prospected will eventually I think prove rich in copper and silver. Parties in camp owning quartz have done considerable work upon their ledges this winter. The Excelsior has two shafts sunk upon it to the depth of thirty and fifty three feet. The Knight ledge is sunk upon [illegible] in getting out quartz [illegible] all winter and what I have seen of the quartz must have paid the owners (Messrs. Abernethy Thompson & Co) of the five stamp mill of this place, a handsome profit

With the present prospect of receiving one or two quartz mills in this camp the coming summer, and one or two in the vicinity [illegible] the facilities we have in wood and in water power to crush our quartz deposits [illegible]. We have good land for agricultural and grazing purposes. We intend that Union county shall rank second to no mining county in the State

General Hawley the newly elected Governor of Connecticut, was captain at the Bull Run defeat and is the hero of the following paragraph in the London Times correspondent describing the rout:

I have in these years many times recalled that incident and wished to know who he was who could so possess his soul in all that fearful rout could have and inspire his men with so serene courage. Many times those words have rung in my ears. Steady men steady words spoken in darkness there amid the chaos of a lost battle-field but words of light to me still in the boast and conflict of the great life-battle

It was opposition to such a man and support of a party who hailed all these disasters as their triumphs that Mr Johnson declared to the Government offered Idea of Connecticut to be the support of him and his policy

OFFICIAL PAPER OF THE STATE

TUESDAY MORNING, JUNE 5, 1866.

RESULTS!

We have had a hard fight in this county and in the State, but we have won it. According to our best data, the Union majority in this county may be put at 250, and in the State—that is to say, in that part west of the Cascade mountains—at 800. We think no reasonable doubt need be entertained that we have elected our whole State ticket. We are especially gratified with the result in this county. The Union men of Portland did a noble day's work yesterday. All honor to them, and to their party brethren in other portions of the State who have labored so earnestly to keep Oregon true to the proud record she has made!

HAS CHAOS COME AGAIN?—Intimations have been given that the Union leaders are considering the propriety of not closing the present session of Congress until the new one shall open next December. Considerable speculation has been indulged as to the cause of this unusual proposition. *Wilkes' Spirit of the Times*, in a powerful article, under the above caption, makes this explanation:

> The President will then formally summon the Representatives and Senators of *all the States*, to meet at Washington, in extra session. The present majority of the two houses, which will then be in minority, will of course dispute the right of the Representatives and Senators of the eleven unadmitted States to meet with them in council; whereupon, it is expected, that the President will recognize the new majority as the true Congress of the United States, and assign to them the official chambers of the Capitol. The then minority, deprived of a President, deprived too of their statutory forms and even of Presidential recognition, will per force be driven to convene apart, in some unofficial place. Assuming, nevertheless, still to be the true and only Congress, and as such, to have majority enough, within itself, to be independent of the Presidential veto or approval, it will go on with its legislation, and endeavor to establish its authority under the auspices of the Supreme Court. Here will be two separate, distinct and rival Governments in operation; not divided between the sections, as was projected, by the overthrown rebellion, but angrily confronting one another, within the narrow circle of the Capitol.

JEFF. DAVIS' NERVOUS SYSTEM.—Dr. George Cooper, Post Surgeon at Fortress Monroe, reports that Jeff. Davis' nervous system is greatly deranged. The cause is attributed to the want of sleep; that Davis cannot sleep because of the tramp of sentinels at the Fortress. We do not doubt but that Jeff's nervous system is greatly shaken, and the cause may be attributed to want of sleep. But the tramp of those sentinels do not disturb his rest. It is the tramp of the half million soldiers marching in eternity—the gnawing of a guilty and perturbed conscience. Remove the soldiers, or carpet the halls they patrol, but no relief will come. It is the beginning of eternal punishment.

WASTE OF DEMOCRATIC STRATEGY.—The Democrats yesterday thought to make Sumner's negro suffrage propositions of great avail in the election. They took the dispatch which had been artfully worked up in the *Herald's* circular, and posted it at the polls in the several precincts of the city, thinking thereby to frighten some of the timid into voting their ticket. A Union voter remarked that this was a great waste of Democratic strategy, as the class who would be likely to be influenced by the bugbear, couldn't even read the large print of the *Herald's* circular.

CONNECTICUT.—The Copperhead papers publish the official vote of the Connecticut election, compared with the vote in 1865, and claim that it shows "a net Democratic gain of 10,491," but fail to inform their readers that in 1865, in consequence of the overthrow of Lee, the Democratic vote fell off over 12,000, and that the apparent gain from 1865 is but simply a bringing out of the full strength of that party, with a slight gain. Its vote in 1864 was 42,288; in 1865, 31,339, and in 1866, 43,433, showing a Democratic gain of only 1,144, instead of the ten thousand claimed.

The Democracy are getting impatient. Vorhees told Congressman Stevens the other day that unless the President very soon did something to show his appreciation of Democratic support, he would not have a friend in the party. Now that the election in this State is over and the Democracy are defeated, he will not have a single friend left in that party again. Their journals will fall to cursing him with the same vigor as of old.

The Chicago *Republican*, in giving the list of officers of the "National Johnson Club," says:

> The great fault of this list of officers is, that it contains but three members of the Confederate Congress. This is altogether too small a proportion. However, such secessionists as Bion Bradbury, Willard Saulsbury, Augustus Cæsar Dodge and Lamar Hughes, make up pretty well for the deficiency.

The President and his Party.

Mr. Johnson's ambition and purpose was to drive off from the republican party what he regarded as a small faction or minority, embracing the extreme radicals; to hold the great mass in support of his administration, and recruit the war democrats of the North and all the loyalists of the South—thus making a party even more comprehensive and powerful than that which elected him, and one that should command the peace and prosperity of the Union, and give him a triumphant re-election. It was not a bad or a stupid thought! Had he been more patient and prudent, he might have succeeded; it was in the natural order of political movements; but he has gone too far and too fast. He demonstrated as far as was safe for his purposes in the veto of the freedmen's bureau bill and the speech of February 22d; those performances threatened a somewhat equal division of the republican party—that was where the lines then drawn would have fallen; but the republican leaders in Congress took alarm for their strength, while he failed to for his own. They began to "hedge," but he thought it was of equal importance for him to do the same, went on recklessly braving and outraging the sentiments of his supporters.

He could readily at this time have led Congress to his plan of reconstruction, and gained a larger power with the country than he ever possessed. Policy, prudence, selfishness for both sides, as well as patriotism, now directed to conciliation and compromise. But he yielded to the "madness of the hour," to the flattery of new tongues, to the advice of narrow heads, and vetoed the civil rights bill, on ground so broad as apparently to cut off any legislation by his help for the protection of the negro or the consistent Union men of the South from the inevitable prejudice and natural persecution of the classes over whom the nation has given them a triumph. This act, instead of driving off from him a small minority of the Republican party, or even the half of it, drives off substantially the whole of it. There is but one voice among Republicans on this point. Of all the Republican papers in the country, of every degree, of every shade of opinion, only the New York *Times* fails to lament and disapprove of this veto.

If Mr. Johnson is to stand by the doctrine of that document, he must inevitably part company with all the great body of his old supporters and rely for his friends upon the Northern Democrats and the reconstructed rebels of the South. He must follow the road which John Tyler and Millard Fillmore have made conspicuous, we had supposed as warning, rather than as example. It is no matter how much he says he does not intend to leave the Republican Union party—they must and will leave him. For though they might give up everything else; waive universal suffrage, concede the admission of Southern Congressmen, abolish the test oath, grant general amnesty, they cannot give up national protection to the weak and minority classes in the South during this reorganizing state of society after the rebellion. It is the sequence of their platform—it follows from the suppression of the rebellion—it is as clear a principle of the Republican party, as palpable a duty of the national authority, as that two and two make four. The party is nothing, if it does not do this—the nation is dishonored if it hesitate in it.

The President must then make it clear that he does not mean to shrink this duty—he must either permit the vetoed bill to become a law, and then faithfully execute it, or else join Congress in providing other and effective measures for the same end, or he will find himself without his party; he will be deserted by the great body of the men who fought with him the great and conquering battle of the Union, and will be obliged to make his bed with those, North and South, who were either neutrals when the nation's life was in peril, or else themselves sought with parricidal arm its blood. There can be no alternative to this choice.

[DISPATCHES TO THE OREGONIAN.]

DATES TO MAY 30.

Death of Gen. Scott.

NEW YORK, May 30.—The funeral of Gen. Scott will take place at West Point at 9 o'clock on Friday morning, and that day will be observed, by order of the President, in a proper manner at all military posts. The flags of shipping are to-day at half mast. Gen. Scott was out Saturday afternoon and there were no signs of early death. He has been failing quite fast though his physician expected he would not expire at such an early day. He was perfectly conscious up to the moment of his death. Though he had lost his voice some hours previous, he recognized the chaplain of the post ten minutes before he died, and clasped his hand in silence.

More Fenian Reports.

NEW YORK, May 30.—Suspicious Fenian movements lead to the belief that Gen. Sweeney is on the war path and means mischief. Bodies of armed Fenians are reported leaving Cincinnati, Indianapolis, Cleveland and other points for the Canada border.

Congressional.

WASHINGTON, May 30.—The Senate took up the constitutional amendment.

Mr. Doolittle moved to amend the first section by inserting the words "Indians not taxed."

Mr. Cowan thought it belonged to the States to say who are citizens.

Mr. Johnson said very serious questions had arisen and some of them had given rise to much embarrassment as to who are citizens of the United States, and what are the rights which belong to them. The object of the amendment was to settle the question. He thought the committee to whom the subject was referred, and by whom the report had been made, had acted wisely in defining what citizenship is. He knew of no better way of accomplishing that than the one adopted by the committee. Mr. Johnson then passed to the amendment of Doolittle, and expressed himself in favor of it. He (Mr. Johnson) hoped that the friends of the joint resolution would adopt it.

Mr. Howard said that the great objection to Doolittle's amendment was that its effect would be to naturalize all Indians who paid taxes. Mr. Doolittle says the words in his amendment were in the Civil Rights Bill, in a provision similar to that which was now proposed as a constitutional amendment. The Civil Rights Bill undertook to do the same thing which is now in progress here, declaring who shall be citizens. This declaration of Congress was without validity unless a constitutional amendment should be brought forward to enforce it. Therefore, he proposed to report this amendment. Mr. Fessenden said such doubts were never expressed in the Committee of 15. During all the discussion in the Committee, the subject was not mentioned. Mr. Grimes said that Mr. Doolittle's charges was not only an imputation upon the Committee but upon every Senator who voted for the Civil Rights Bill. After some remarks by Mr. Saulsbury, ayes and noes were demanded upon adoption of Doolittle's amendment to insert the words mentioned. Disagreed to, ayes 10, noes 30.

Report on the Memphis Riots.

WASHINGTON, May 30.—The Secretary of War to-day sent to the House the report of Gen. Stoneman on the Memphis riots. Stoneman says the investigation shows 24 negroes killed, 8 of whom were discharged soldiers. Adaliance Munken is lying dangerously ill at her uptown residence in this city.

New York Late News.

NEW YORK, May 30.—The *Persia's* news gives improved impulse to gold, but the effect upon Government securities was less than was expected. Investment inquiry was active and the stock more animated. Offering of the California Wool Association was inspected by dealers. The quality of the wool was not all desirable. The first quality brought a fair price, but poor descriptions sold low. As a whole, the sale was satisfactory, and all offered was sold. Prices ranged from 11½ to 73 cents.

NEW YORK, May 30.—The *Trinidad* brought 758 passengers, and lost, during the passage, 35 from cholera. There are eighteen now sick, who will be transferred to the hospital ship.

Cotton dull and heavy. One and two cents for middling.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, June 3.—The Eastern line was out of order last night. No report received. A fire occurred yesterday evening on Sansome street near Pacific, which destroyed twenty buildings, chiefly frame, belonging to Chas. W. Brooks. Loss estimated at $30,000.

A sanguinary affray occurred yesterday, on board ship Dreadnought, sailing for New York. Mr. Bush, the first mate was badly cut in the back of the head, but not dangerously injured. The second mate, Mr. Nichols, was very dangerously stabbed in the abdomen; and the third mate, Mr. Gardner, was seriously, but not fatally stabbed. Two sailors, named Petersen and Bell, charged with the cutting, were badly bruised with belaying pins or clubs. The officers of the vessel report the affray as one of mutiny, without a single extenuating circumstance. On the other hand, the sailor Peterson claims that he was forced into the difficulty and only struck in self defence.

Mr. Egleston, clerk of the Enrolling Committee of the late Senate, and forger for a large amount of money, who escaped from the Sacramento jail two months ago, has been re-arrested at Austin, Nevada.

By the steamer yesterday a letter was received from General Diego Alvarez at La Providencia, near Acapulco, conveying intelligence of several movements by the opposing Liberal and Imperial forces in Southern Mexico. The Imperial force which had been evading the Liberals under General Parlidez having invaded the State of Guerrero, Gen. Diaz flanked and marched straight on the city of Oaxaca and laid siege with a force of 2,000 men. The Imperialists advanced into Guerrero as far as Omethern, and then rushed back in all haste to endeavor to raise the siege of Oaxaca. Gen. Diaz is highly popular with all classes of Mexicans, and is a native of Oaxaca. As the whole native population of the city was warmly in his favor it was believed that he would capture Oaxaca before it could be relieved by the Imperialists. Oaxaca is about equi-distant from Vera Cruz and the City of Mexico, and its capture would be a severe blow to the Imperialists in Southern Mexico.

SAN FRANCISCO, June 4.—In the case of the California State Telegraph Company vs. the United States Pacific Telegraph Company, in the District Court of the United States for the district of Nevada, Judge Baldwin to-day awarded an injunction restraining defendant from telegraphing between the cities of Nevada and California, on the ground that plaintiff has exclusive and irrepealable franchise from the Nevada Legislature, which even Congress cannot evade. This closes defendant's line.

The national colors are flying at half mast on all public and many private buildings of the city, in honor of the memory of General Winfield Scott. No official announcement of the death has been received at Military Headquarters in this city, and consequently no public demonstration has been ordered, other than displaying the flag at half mast at the military posts about the city. Suits have been instituted by the U. S. Internal Revenue officers against R. B. Brooks for $6,000, G. A. Morris for $6,000, and A. Funkenstein for $1,000 for violation of the revenue laws.

The next steamer for Panama in the regular line will be the *Golden Age* on Saturday, June 9th, one day earlier than usual, she will connect at the Isthmus with the *Costa Rica* for New York. Through rates of fare have been fixed as follows: First cabin, outside rooms, $250; first cabin, inside rooms, $181; second cabin, $110; steerage, $65.

Owing to delay in fitting up new rooms for the Merchants' Exchange on the corner of Washington and Battery streets, it was found impossible to remove from the old quarters on Saturday as contemplated. It is now proposed to take possession of the new rooms on Wednesday of this week.

Finance Affairs—Mining Shares.

The last gold quotation is 135⅝ on the 30th ult.; Sterling Exchange at the same date was inactive and quotations nominal; Legal tenders are very scarce and hold considerably above the gold price. The brokers quote 74½ buying, and 75½ selling price.

The mining stock market is dull and irregular. Some descriptions are firmer, and the market is not quite so flat as last week. Yellow Jacket has advanced $70, and Curry, $30; Ophir $15; Bullion $4 00, and Imperial and Sierra Nevada each, $1. Overman fell $5; Belcher, $5; Cholar Potosi, $3 and Confidence, $2. There were further sales of California Steam Navigation shares at $59½, which is a fraction below Saturday's price.

The Markets.

Flour—sales include 500 bbls, superfine in half sacks private. Market quiet. We quote superfine half sacks at $5@$5 25; qr. sacks $5 25@$5 50. Extra, half sacks $5 25@$5 50; qr. sacks $5 50@$6. Wheat—market quiet. Barley—sales of 400 sacks brewing at 90@92½c. Feed may be quoted at 75@85c per 100 lbs, the inside prices for light.

Arrived—Bark *Milan*, 16 days from Teekalet, lumber; bark *Harvest Queen* from Humboldt, lumber; brig *Hesperian* 25 days from Honolulu, merchandise. June 4th, British ship *Cornelius*, Colliver, 133 days from Liverpool.

The Mines of the United States and their Explorers.

The Carson (Nevada) *Appeal* publishes the following interesting scrap of mining history:

The romance of adventure, the halo of enchantment which surrounds the mysteries and uncertainties of far distant and imperfectly explored mining localities and the irrepressible unrest of the habitual rover have kept a certain large and enterprising class of the Pacific States in a condition of restlessness which has had yearly exercise in the wildest and, in many instances, the most hazardous and unprofitable adventures. Even when an abundance of gold was to be had in California, the comparatively easy labor of "crevicing" and "rocking the cradle," often abandoned claims that yielded marvelous wealth, to rush for the dazzling uncertainties of Gold Lake. The feverish imagination of the miner presented to his eyes vast ledges and gigantic nuggets of the precious metal lining the shores and glittering through the crystal waters of that vast natural treasury; and urged on by the force of his hopes and his fancies he toiled for months in learning the dear lessons of disappointment and illusion. Following the Gold Lake phantasmagoria came the Gold Bluff bubble; and diggings that had proved their substantial value were again abandoned for hasty expeditions to a sea beach which was said to surpass in auriferous lustre the fabled richness of "India's golden strand." Only a few years after Gold Bluff had wrought its ruin of hopes and fortunes, Kern River attracted a surging tide of reckless adventurers, and they returned only to join the thousands who pressed northward to grasp the golden prizes which awaited their gathering from the banks and bars of Fraser River. Gold Lake and Gold Bluff being the neatest chimeras, returned no compensation for the evil which they wrought; but the Kern River explorers and the miners of Fraser River returned some things which were not entirely wanting in practical value. Kern River yielded but little gold, but they who went there in search of mines discovered a country which has since proved itself attractive to the woodsman and the settler, and of late there are indications of rich and extensive quartz mines in that section of California. The Fraser River adventurers, many of them, pushed on to Salmon River and into Idaho and discovered mines of vast extent and permanent character. The opening of the unequaled silver mines of Nevada was one of the more fortunate results of this propensity for new fields of adventure, and spreading out upon the great plains, prospectors found gold and silver in the Rocky Mountains. Barbacoas is a delusion, but it has had its day. Fraser river no longer attracts the American citizen from beneath the protection of the star spangled banner; and the prospector has finally proven the fact that within our own territory and upon our own soil the precious metals exist in greater abundance and are more readily extracted than in any other part of the known world. Seventeen years of the most extended explorations that have been made since the days of the Spanish invaders, have proven that the western half of the United States is the depository of more gold and silver than all the earth besides; and if, after this gratuitous explorations of its citizens the Government fails to offer the largest facilities within its power toward the fullest development of these mines, and neglects to enact the most wholesome laws for the encouragement and protection of such of our people as are willing to expend their time and labor in working them, a source of national wealth such as never before was placed within the reach of a civilized power, will have been sacrificed to an unwise and ruinous exercise of false economy.

THE BOARD OF POLITICS.—For the last few weeks we have heard but little else than politics and [illegible] ... is climation. On [illegible] streets, stores and private places it has been [illegible] ... the morning and evening meetings of partisans ... election conducted in personal canvass and [illegible] paper and printers ... in active [illegible] ... [illegible] where the scramble and the war waged as fiercely as it ... between Union patriots and Copperheads ... the great singularity ... [illegible] proceedings might have induced those not familiar with American politics to believe that parties fought for ... and with as much patriotic devotion and self-sacrifice as the Union troops fought against the rebellion. But the ... were mainly for outside effect ... not be so as the parties so fiercely assaulting one another were friendly enough, and might be seen daily drinking, laughing and joking together. ... of a political campaign like the one we have just passed through become ... the lurker on and make those who have no axes to grind entertain a strong desire to emigrate. It would be much better for all parties concerned and for the community were campaigns conducted ... a basis of courteous and affable interchanges of opinions such as was formerly the style in American politics, but many fear that the war has educated the whole nation up to a ... fierceness ... the ... of the belligerent armies may have helped to respect ... progressive liberty demands a more radical change in the ... of conducting elections. In this we are a unit ... and ... may live and prosper ... experience the ... [illegible] ... The election is over ... We are thankful it passed off quietly in this city ... thankful that for some time to come ... with a candidate or a friend of a candidate who is anxious to tear out the buttonholes of our coat.

SEND US THE NEWS.—Now that the election is passed we desire those of our friends in the county who are so disposed, to oblige us by sending such items as they may gather from their neighborhoods as would be of general interest. There is much transpiring throughout our county that communicated in this way would add materially to the interest of a paper. Sales of real estate, accidents, personal matters of interest should be sent us.

A FINE OPERATION.—The friends of Rev. T. Condon of Dalles City will be glad to learn that the dislocated thigh of his son, a boy of thirteen years, was successfully ... by Dr. Watkins of this city. The boy met with this mishap on Monday last. Owing to the inflammation the muscles were unable to replace the limb and Mr. Condon came to this city on Friday to seek further assistance.

CIVILIZATION.—An exchange says: Small as it is ... little place of Woodland, Yolo county, California, has a "deadfall" or place where intoxicated strang[ers] are ... all their ruin. Whichever ... church and ... house and—the "deadfall."

LECTURE.—Everybody turn out and attend the temperance lecture this evening at the M. E. Church. The Good Templars of Portland will be in attendance and from the known ability of the lecturer, Rev. Mr. ... [illegible] those who absent themselves therefrom will miss quite a treat. Go, everybody.

BASE BALL.—The Pioneer Base Ball Club was organized in this city on Saturday evening last. The following officers were chosen to serve one year—President, Theodore ... Vice President, Geo. ... Secretary ... Treasurer, Jas. Steele.

TRIAL TRIP.—The new steamer Commodore Perry, Capt. Nelson, yesterday took her first run down stream a short distance. This morning at nine o'clock she will leave Alder street with a small party on board for a trial trip.

PROFITABLE.—A man advertises for competent persons ... to take the sale of a new medicine, and adds that it will be profitable to the undertaker. No doubt of it.

THE CONCERT.—The programme of the concert to be given at Oro Fino Hall to-night, by the Turner Gesang Verein, appears in the Oregonian this morning.

Report from the Reconstruction Committee

[illegible], April 23.—The Joint Committee on Reconstruction, after a session of some four hours to-day at which all ... were present, agreed to report on the following proposition:

JOINT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES.

Be it Resolved, by the Senate and House of Representatives of the United States of America, in Congress assembled, two-thirds of both Houses concurring. That the following Article be proposed to the Legislatures of the several States as an amendment to the Constitution of the United States, which, when ratified by three-fourths of said Legislatures, shall be valid as part of the Constitution, namely:

ARTICLE—, Section 1. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any State deprive any person of life, liberty or property without due process of law, nor deny to any person within its jurisdiction the equal protection of the laws.

Sec. 2. Representatives shall be apportioned among the several States which may be included within this Union according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed. But whenever in any State the elective franchise shall be denied to any portion of its male citizens not less than twenty-one years of age or in any way abridged, except for participation in the rebellion or other crime, the basis of representation in such State shall be reduced in the proportion which the number of such male citizens shall bear to the whole number of male citizens not less than twenty-one years of age.

Sec. 3. Until the 4th day of July 1870, all persons who voluntarily adhered to the late insurrection, giving it aid and comfort, shall be excluded from the right to vote for members of Congress and for Electors of President and Vice President of the United States.

Sec. 4. Neither the United States nor any State shall assume or pay any debt or obligation already incurred, or which may hereafter be incurred in aid of the insurrection or war against the United States, or any claim for compensation for loss of voluntary service or labor.

Sec. 5. That Congress shall have power to enforce by appropriate legislation, the provisions of this Article.

A BILL TO PROVIDE FOR THE RESTORATION OF THE STATES LATELY IN INSURRECTION TO THEIR FULL POLITICAL RIGHTS.

Whereas, it is expedient that the States lately in insurrection should at the earliest day consistent with the future peace and safety of the Union be restored to full participation in all political rights; and whereas the Congress did by joint resolution propose for ratification to the legislatures of the several States, as an amendment to the Constitution of the United States an Article in the following words, to-wit (the constitutional article here inserted;) now therefore,

Be it enacted, etc., That whenever the above recited amendment shall have become part of the Constitution, and any State lately in insurrection shall have ratified the same and shall have modified its Constitution and laws in conformity therewith, the Senators and Representatives from such State, if found duly elected and qualified, may, after having taken the required oaths of office be admitted into Congress.

Second—And be it further enacted, that when any State lately in insurrection shall have ratified the foregoing proposed amendment to the Constitution any part of the direct tax, under the act of August 5, 1861, which may remain due and unpaid in such State, may be assumed and paid by such State and the payment thereof, upon proper assurances from such State, to be given to the Secretary of the Treasury of the United States, may be postponed for a period not exceeding ten years from and after the passage of this act.

A BILL DECLARING CERTAIN PERSONS INELIGIBLE TO OFFICE UNDER THE GOVERNMENT OF THE UNITED STATES.

Be it enacted, etc., That no person shall be eligible to any office under the Government of the United States who is included in any of the following classes, namely:

First—The President and Vice President of the Confederate States of America, so-called, and the heads of departments thereof.

Second—Those who in other countries acted as agents of the Confederate States of America, so-called.

Third—Heads of Departments of the United States, officers of the army and navy of the United States and all persons educated at the Military or Naval Academies of the United States, Judges of the Courts of the United States, and members of either House of the Thirty-sixth ... of the United States who gave aid or comfort to the late rebellion.

Fourth—Those who acted as officers of the Confederate States of America, so-called, above the grade of Colonel in the army or Master in the navy, or any one who, as Governor of either of the so-called Confederate States gave aid and comfort to the late rebellion.

Fifth—Those who have treated officers or soldiers or sailors of the army and navy of the United States captured during the late war otherwise than lawfully as prisoners of war.

GENERAL BUTLER ON HARMONY AND RESTORATION.

WASHINGTON, April 30.—Of all propositions ... [illegible] ... the following from General Butler:

First—The Constitution to be amended ... That no legislation shall ever be had ... to pay any debt or obligation of the United States or that any debt or obligation whatever incurred in aiding any rebellion against the United States, or any claim for ... emancipated slaves ... the United States or any association of States ... or ... individual.

Second—That the qualification of electors ... the several States but no State shall establish or maintain any qualification which shall ... a minority of her male citizens above the age of twenty one years from voting in the choice of their rulers ... [illegible] ... such male citizens of the United States ... provided, that no qualified elector ... [illegible]

Third—Representation shall be according to the ... population not counting persons ... excluded by the laws of the State existing on the 1st of December, 1860, until such disfranchisement shall be removed by the laws of the State and thereafter the basis of representation shall be according to the whole population in the State ... [illegible]

Fourth—That an Act of Congress be passed enabling any State to be restored to her rights and relations with the other States in the Union, whenever a State shall ... her Legislature adopt the constitutional amendments above set forth and enforce them by legislation ... and ... shall be admitted to their seats if found, by each house respectively qualified, provided that no person who held any office in the civil or military service of the Confederate States or ... in that service took either military, naval, ... civil service under the Confederate States, ... the late rebellion against the United States shall hereafter be qualified as elector or to be elected or appointed to any

[illegible] ... the Constitution and laws of the United States ... [illegible]

Fifth—That ... [illegible] ... to so restore their relations with the Government of the United States shall have full and complete amnesty for all acts and ... during the late rebellion with the full restoration of all their rights save as above qualified.

Sixth—That as soon as may be after the passage of these measures ... all the people of the ... States ... [illegible]

Dr. Hostetter's Stomach Bitters.—These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague, Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous; they give a healthy tone to the system, relieve all morbid matter, and, in fact thoroughly cleanse the system of all impurities. In no case has it been known to fail. But on the contrary new virtues have been found in its use. To those afflicted with any of the above ills of the body, the Bitters are offered as a speedy and certain cure. Montana News.

We have the Montana *Post* of May 12th, from which we obtain the following:

NATIONAL BANK.

The currency for a National Bank, to be located at Helena, is now in possession of Mr. S. T. Hauser, of this city. Mr. Langford starts to-day to look up a lot for the building. In connection with the Bank will be a United States Assayer. The officers of the Bank are: President, S. T. Hauser; Cashier, H. Kleinschmidt; Directors, W. B. Dance, F. L. Worden, S. M. Hall, Julius Busch, and Messrs. John How and J. M. Brennett of St. Louis. The capital is $100,000, with liberty to extend to $500,000.

GARNET LODE.

This really wonderful deposit of garnets is in the form of a regular lode of mixed garnets. As yet the pieces taken out from its surface are comparatively small, though some will weigh an ounce, when at larger quantities have been sorted out, and ornaments of the most beautiful kind can be manufactured from them. This is a fine place for mineral curiosities; yesterday we saw in the hands of Mr. Lee F. Marston, a fine Moss Agate (uncut) which was as large as a square of the "Magnum Bonum" honey soap, and as for gold bearing specimens, requiring the eyeglass to prove the fact, we have seen enough during our sojourn in this city, to freight the biggest bull train that ever rolled out of, or into, the metropolis of Montana.

WISCONSIN GULCH.

We have seen some excellent specimens of coarse gold taken from Wisconsin Gulch—a locality which has only one fault, in a mining point of view, that of being too near this city to be appreciated as it deserves. Mr. Fairweather, one of the discoverers of Alder Gulch, is running a set of hydraulic works, and taking out good pay. If Wisconsin were 200 miles away, we should now be chronicling a most exciting stampede.

STAMPEDE.

There has been within the past few days a brisk stampede to Wigwam gulch, on the Madison slope, about 12 miles from this city. The reports up to date are favorable. This gulch, in fact, seems to be very rich, and will soon be filled with hardy miners, if, indeed, there is any ground left, which we much doubt.

INDIAN NEWS.

A letter to the *Post* from Helena, May 5th, says:

A man arrived to-day from Wolf Creek, who reports that he met Paul Vermette from the Dearborn river, who informed him that the Indians killed Charles Carson, near his ranche, a few days ago. Carson saw the Indians near his horses, and went out to bring them in; but before reaching the animals, he was shot from a point where some of the Indians lay concealed. He walked two or three steps and fell dead; but before doing so, he told his comrade to run, and he succeeded in making his escape to the ranche. The Indians (twelve in number) proposed to go to the ranche, but were warned not to do so; however, two of them were allowed to approach. They brought the dead body of Carson with them. Carson had his rifle in his hand and two revolvers in his belt, when shot. The Indians, of course, took care of them. Mr. Carson has been in the mountains a long time, and is a nephew of Kit Carson, the renowned Indian fighter. He has a great many warm friends. I valued him as a brave man, besides being personally attached to him. Paul Vermette has left his ranche, and he reports that the Indians were Piegans. He is well acquainted with them. Paul came in with a large party from Prickly Pair. The road from Clarke's ranche to Benton (115 miles) is in the hands of the Indians. Carson was not scalped.

From another Helena letter (May 8th), we condense the following:

The first saddle-train of the season from Walla Walla arrived here last week.

Sol. Irwin hopes to be able to open with his troupe tomorrow night.

The evidence that there were elephants as well as "giants in those days," multiply. A tooth, weighing nearly three pounds, with roots and all complete, was recently discovered in the bed-rock, eighteen feet below the surface, on number ten above discovery, in Last Chance district.

Trout Creek and Missouri River quartz, especially that bearing silver, is attracting much attention. All of Mr. Worden's machinery has arrived, and is being rapidly put together on the Cliff extension of the big lead. A slightly discouraging assay caused a temporary suspension of work a short time since, but more recent and thorough tests have re-established the reputation the lead had gained, and renewed vigor now characterize the operations upon it. Mr. Worden will soon be working his mill. Colonel Keyser pushed his mill on the same lead, and the Parsons's tunnel on the Avant Jour extension of the same lead, which is designed to strike the ledge at a depth of one hundred and seventy-five feet, is nearly completed.

THE EXCELSIOR MINING COMPANY OF MONTANA.

This company has been formed in St. Louis and chartered by the General Assembly of Missouri, for working a number of the best lodes in Summit District. They own 1,000 feet on the "John How" lode, and claims on the "Oro Cacho," "Lucas," "Kearsarge," "Cyclops," "Siegle," "Shriver" and others. They have a 12-stamp steam mill on the way, by the river, which will be located on French Gulch Summit. The officers are as follows: President, Chas. K. Dickson; Treasurer, John How; Secretary, W. H. Pritchartt. Directors, Chas. K. Dickson, John How, R. W. Fox, D. A. January, Jos. O. Cabot. St. Louis; O. H. Cogswell, F. O. Delmling, Jno. H. Rogers, Hon. L. P. Williston, Montana.

We find the subjoined in the Helena *Radiator*, of May 12th:

Mr. Alexander, an old acquaintance and friend, from Lewiston, I. T., arrived in this city yesterday, *via* Boise. He has a pack train on the road loaded with general merchandise, and coming by the Pen d'Oreille route. From his statements, it appears that a wagon road will be built from Lewiston to this Territory during the summer. The necessary stores and materials for this work had been laid in, and the enterprise was to be pushed forward vigorously. Congress had appropriated $12,000 for this object. This road is to be built over what is known as the Lo-Lo Fork trail. Its practicability we are perfectly familiar with, and an expenditure of $150,000, well applied, with a little variation in places, to the south of the trail, will make a good road of it; and there is no route leading from navigation on the Columbia to Montana, to the north of it, that is as short by one hundred and twenty-five miles. Push ahead, Lewistonians, Montana's trade is within your reach.

A good pack trail has been opened and is now in traveling condition to McClelland gulch, by way of Silver creek. The early discoverers of McClelland gulch, and old mountaineers, have been in the habit of traveling by this route, and say it is home fifteen or twenty miles nearer than the circuitous route by Blackfoot.

MORE INDIAN TROUBLES.

The news from the seat of war in the Indian country is rather meagre this week, for the reason that the whites have withdrawn from the field taking with them their flocks and little ones, thereby preventing strategic operations against solitary ranches or dexterous flank movements, against herds of cattle or horses. Father Giorda came in from the Mission near the mouth of Sun River, on Wednesday last, bringing with him all the people and stock connected with that institution. They are on their way to the Hell Gate valley, where they intend to make their future abode. He reports that there is not a white settler now living between Clarke's ranche, on the Prickly Pear, and Fort Benton. A report is in circulation that the Indians made their appearance on Silver creek, fifteen miles from this city, last Tuesday evening, and shot at a man living there.

THE ASTONISHING SUCCESS WHICH HAS AT tended this invaluable medicine renders it the most valuable one ever discovered. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

ALLEN'S
LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD, heals the irritated parts, gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it if only taken in time.

Sold by all Druggists. Price $1 per bottle.

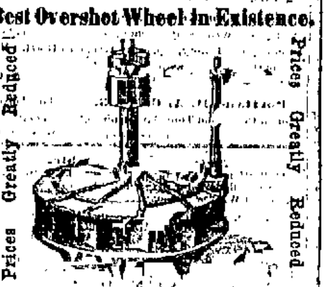
WATER WHEELS.
POWER PLEDGED EQUAL

Best Overshot Wheel in Existence.



LEFFEL'S

American Double Turbine Water Wheel

IS NOW MANUFACTURED BY THE OREGON IRON Works, in the city of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require, measure your water in the following way: Take the width of the stream, the average depth, and the distance it flows in a minute.

All the wheels now in use give universal satisfaction. Both the construction of the wheel, and its performance, are admitted to be the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light, and can be easily packed into the mountains. Wheels weighing from 100 to 350 pounds will yield from 10 to 40 horse power, under a head of 25 or 30 feet. They are the cheapest wheel to set up known, as they are so arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them or send for a circular to

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Cor. Jackson and Kearney Sts.,
SAN FRANCISCO.

THE GREAT ERADICATOR OF SPECIAL COMPLAINTS, FORMERLY OF LOCKE HOSPITAL, LONDON, EIGHT YEARS IN SACRAMENTO, AND THE LAST THREE YEARS IN SAN FRANCISCO.

DR. TOZER'S

Experience is of forty years standing, and during that time has met with unparalleled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache, and an Aversion to Genial Society, especially that of Females. These are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two latter countries no doubt have seen the dreadful effects of it on both the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Actel and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and [illegible] I can say without boasting that I have seen more practice in these diseases than any other physician in California, dating as it does from 1849. It becomes [illegible] to think well, before you employ a physician.

THAT OLD GREENBACK CASE

I
am
still
obliged
to accept
of Legal
Tender Notes
at Par (and have
been since Dec. [illegible]
1862, for the rent of
my Handsome Brick
Store, corner of Morrison
and Front streets, I feel
compelled to announce for
the benefit of the public, that

JACOB MAYER

Leased the building of me Feb. [illegible]
1862, for a term of years, at which
time there was no such currency in
vogue, and it was understood the terms
were Cash. Since the date above stated, I
have received the depreciated currency regularly for the rent of the

making less than two-fifths of the real amount
said Mayer was to pay. He had secured the
building at very advantageous rates, and
even were he now to comply with his contract, and pay in Coin, would be getting
the best bargain in the city. I make
this statement to show the public
what kind of a man he must be to
take such undue advantage of
the times to convert a few dollars to himself by LEGAL
SWINDLING. The public can readily see how
much it costs to have
such tenants in such
costly buildings
as the one re-
ferred to
above.
